IETM Funding Brief to MG Stevenson

22 Jan 04

Mr. Dean Despelder

U.S. Army Materiel Command

ESSENTIAL IN PEACE, INDISPENSABLE IN WAR

IETM Standards Testing

- AMC G-3 Tasking
  - Determine What LOGSA can do to Fund Internally
  - Determine Impact
- Internal Funding Sources
  - Sustainment System Technical Support (SSTS)
  - 423 Program
  - "Unfund" Defense Information Services Agency & LIDB Support Contracts
    - Only Non-pay Areas in 423 Program
- Impacts to LOGSA
  - Delay Deployment of WEB LIDB Until Jun 05
- Position
  - 423 Program Missions of Equal or Greater Importance Than IETM Standards Testing
  - MSCs Should Fund

IETM Standards Testing - Status

- **AMC G-3 Tasking**
  - **Determine Ability & Willingness of MSCs/PEOs to Fund Testing**
- **Actions Taken/Status**
  - **LOGSA Tasked MSCs for Impact Statements**
  - **LOGSA Drafted E-mail for DA G-4 Coordination With ASA(AL&T)**
    - **DA G-4 Working Issue**
  - **LOGSA Drafted Heads-Up E-mail for IMMC Directors Soliciting Support**
    - **CSLA Replied**
  - **LOGSA Drafted E-mail for AMC G-3 Support Ops (Mr. Motsek) Transmission to IMMC Directors**
- **Summary**
  - **Testing Remains Critical Issue with Community**
  - **External Funding Is Unlikely**

Technical Manual Printing

- **Issue**
  - **TM Updates not Being Printed/Replicated Due to Lack of Funds; Troops Asking for Paper TMs**
- **Actions Taken**
  - **LOGSA/USAPD Agreement to Post ETM Updates to LOGSA Website as Interim Measure**
  - **Must Fund ($1.4M) and Critical ($.3M) FY04 TM GWOT Printing Requirement Submitted**
  - **Administrative Assistant to Secretary of Army (AASA) Memo**
  - **Issue Elevated, at MSC GO/SES Level, to HQ AMC**
- **Status**
  - **Approximately 750 TM Updates Awaiting Action at US Army USAPD**
  - **Existing Stocks of TMs Being Exhausted Without Replenishment**
  - **MSCs/PMs Paying for Critical Printing Actions From Own Resources**
  - **ETMs, IETMs, and Hardcopy TMs not Being Replicated/Printed**
    - **Increase Costs as Contractors Store Equipment While Awaiting TMs**
    - **Fieldings Negatively Impacted; Readiness Too**
  - **Dependent Upon LOGSA Website for Latest TM Updates**

IETM On-Going Initiatives

- **S1000D International Specification**
  - **Joint Service Effort With European Publications Community and Industry**
  - **Army Identified as Land System Requirements Lead**
    - **Participating on U.S. Technical Publications Specification Management Group (TPSMG) and Equipment Publications Working Group (EPWG)**
    - **Army Troubleshooting/Diagnostics Requirements in Current Standards Update Supports S1000D Effort**
  - **Conduct Requirements Analysis for Potential DoD Adoption/Use**
    - **Funding Crucial to Start Analysis and Mapping Between 40051/2361 and S1000D Specifications**
    - **Does the Army Need? Long Term Approach?**
  - **Funding to Support Analysis Required**

IETM Responsible Office

- **Issue**
  - **LOGSA not Properly Resourced to Serve as Army's Responsible Office for IETMs**
- **Actions Taken**
  - **Responsible Office Proposal Prepared**
  - **LOGSA Serving as Responsible Office**
- **Status**
  - **Responsible Office Proposal Approved by DCG AMC and DA G-4**
  - **Related Funding not Provided**
  - **LOGSA Continues to Serve, in Less Than Optimum Mode, as IETM Responsible Office**
